Show an image of your design.

2. Annotate your design:

o Show an image of your design and annotate the conceptual groups on your design by drawing a box around each group. Label each group with:

- A number which is the order you intend the user to see it.**
- The concept behind the group.**

3. Answer the following question in text (answers should be short: 1-2 sentences):

o Who is the person looking at this information?

o When are they looking at it and what goal are they most likely trying to achieve?

o In conceptual group 1:

i. What is the concept behind this group?

ii. Why is this the first group they should see?

iii. What important information did you emphasize?

iv. What did you choose NOT to emphasize?

v. What two visual information design tools did you use together to bring it out?

b. In conceptual group 2 (same questions):

i. What is the concept behind this group?

ii. Why is this the first group they should see?

iii. What important information did you emphasize?

iv. What did you choose NOT to emphasize?

v. What two visual information design tools did you use together to bring it out?

c. In group 3: (same questions)

i. What is the concept behind this group?

ii. Why is this the first group they should see?

iii. What important information did you emphasize?

iv. What did you choose NOT to emphasize?

v. What two visual information design tools did you use together to bring it out?

d. Did you use color?

i. If so, what did the slides say about using color?
